#	Responses	Date
1	Fix many of the bad roads, they had been worst than I have seen in all my years. Place like Wooster Pike are a mess an and eye sore. Would love to see some redevelopment in Mt. Washington area	9/14/2016 7:14 PM
2	Safety	9/14/2016 2:22 PM
3	Provide better public transportation including light/elevated rail and underground rail around the city. Currently vehicular traffic is a critical point.	9/14/2016 8:35 AM
4	improve our treatment of the heroin epidemic by investing in increased number of detox beds and rehab centers	9/13/2016 7:21 PM
5	Get the criminals off the streets including the druggies and QUIT using narkan.	9/13/2016 3:52 PM
6	Lower taxes	9/13/2016 2:56 PM
7	Safety. We have no police presence in necessary areas. Big cities must have that. Also, move government square bus stop to Queensgate. These two things will allow for people to be comfortable downtown, in turn attracting residents, then business and creating additional jobs by bringing in even more fortune 500 type companies. This is local government, it's not rocket science.	9/13/2016 11:43 AM
8	DON'T spend money on that stupid I-74 fly-over to Cincinnati State. The VERY small number of people it's intended to benefit-don't get that much of a benefit. They're already in their cars. Even with the fly-over they still have to take the exit in order to get to the fly-over. At most it might save 3-5 minutes travel time. There is no benefit to any business district. And Cincinnati State that wants it isn't willing to chip in any money-they don't even pay property taxes. And the state already has a backlog of bridges that are in desperate need of repair - where are we going to get the money for maintenance later. Instead, put the money into public transit infrastructure that EVERYONE can use...not just people rich enough to own cars. Public transit benefits the rich and poor.	9/9/2016 11:46 PM
9	Make sure our streets are safe and get on this serious heroin problem taking our city down. Everyone is talking about but do more everywhere.	9/8/2016 10:53 PM
10	Make all neighborhoods safe.	9/8/2016 4:29 PM
11	Make sure ALL neighborhoods get equal treatment!	9/7/2016 3:34 PM
12	Most important thing the city could provide is safety to people when the weather is nice outside. Need more presence	9/7/2016 11:22 AM
13	Increase police, fire and ems services. Quit proving Narcan to drug users, your just promoting its ok to do drugs.	9/5/2016 8:41 AM
14	Clean up neighborhood homes, yards and streets.	9/4/2016 11:38 AM
15	Public transportation	9/2/2016 10:02 PM
16	Keep an open mind and listen! This survey is a great step in the right direction :)	9/1/2016 10:32 PM
17	Fix the traffic issues in the suburban areas.	9/1/2016 10:18 PM
18	increase assets available to police for controlling homeless population in downtown area	9/1/2016 10:14 PM
19	Keep working with issues associated with poverty (drug abuse, rehab, crime, education, litter)	9/1/2016 7:18 PM
20	I feel all cross-walks should be physically marked/stripped	9/1/2016 6:49 PM
21	Make it better and easier to bring new jobs to the city. We need to increase employment at all levels.	9/1/2016 4:23 PM
22	Provide quality public safety services	9/1/2016 3:12 PM
23	Continue to invest in the urban core and grow the city outward.	9/1/2016 1:47 PM
24	I'm not sure how many homeless shelters there are, but I see a lot of homeless people when I am downtown. Maybe the homeless shelters need more resources to help them.	9/1/2016 1:39 PM

25	Street cleaning	9/1/2016 1:33 PM
26	Invest in maintaining infrastructure & parks, & stop hemorrhaging money on wasteful projects like the trolley.	9/1/2016 1:27 PM
27	Fix our roads. Complete one section before moving to the next. Hold contractors accountable by making them display their company name and the estimated time to completion of each road project. Update times on the city's website.	9/1/2016 12:50 PM
28	More development/jobs	9/1/2016 6:34 AM
29	Put more money into developing neighborhoods	9/1/2016 6:09 AM
30	Eliminate the 1% income tax.	8/31/2016 11:41 PM
31	Quit giving money to people who don't work and focus on improving the lives of those who do. End collective bargaining for public agencies.	8/31/2016 10:02 PM
32	Fix our roads within a reasonable time frame.	8/31/2016 6:08 PM
33	Better public transit. A rapid transit system, expansion of the streetcar	8/31/2016 6:06 PM
34	Hire more cops!	8/31/2016 5:35 PM
35	Stopping the current heroin epidemic. To think we can stop all drug use is dumb, but the city has signs and adds listed all over the city for numbers including 911 to report and deal with the sale and transportation of heroin, but when contacted the police either haphazardly show-up or do not show up at all to heroin related, or any drug related instance at that, call.	8/31/2016 5:27 PM
36	Red light cameras at many downtown intersections (especially at Elm and 9th street). On my nightly jogs downtown, I have witnessed many near accidents from red light running which causes concern as a pedestrian and motorist.	8/30/2016 3:25 PM
37	Arrest more drug dealers	8/30/2016 7:49 AM
38	Traffic issues due to construction, maintenance, etc. There are too many lanes closed everywhere at the same time. Causes congestion, traffic issues, etc.	8/29/2016 5:17 PM
39	Repair streets and more owner lived in houses	8/28/2016 4:26 PM
40	Too much crime, theft on the west side. Most of us don't feel safe anymore. Even with surveillance cameras showing robberies, police won't respond to the calls. They don't care anymore. We're out here on our own.	8/27/2016 5:54 PM
41	Do more to get people involved so that they want to make their own city better. Campaigns that encourage people to take care of the city and one another so that everyone's lives can be improved. I would like to see more work to bridge the communication and trust gap between our public safety and the people, especially the black community.	8/27/2016 4:48 PM
42	Continue making areas safe by increasing enforcement of panhandler laws and increasing police visibility.	8/26/2016 8:19 PM
43	Reinstate wards or districts in our council elections to have real community engagement and representation.	8/26/2016 10:55 AM
44	More green space and city street trees	8/25/2016 10:42 PM
45	Prioritize education	8/25/2016 3:41 PM
46	Improve environmental factors such as air quality, water safety, and access to medical facilities that respond to these issues.	8/25/2016 10:36 AM
47	Decrease in crime and drug activity.	8/25/2016 9:54 AM
48	Provide efficient programs to its citizens	8/24/2016 5:22 PM
49	improve the parks and streets	8/23/2016 12:46 PM
50	To use the phrase "most important" is to be disingenuous. So this is one of the important issues facing our city. Drivers have begun to act in a unsafe manner on our city streets. Red lights are not obeyed, nor are speed limits. Our neighborhood residential streets have become thoroughfares with drivers cutting through to avoid traffic. Many times exceeding the speed limits on streets with children present. It's time to get control of our streets again. Listen to the requests of the neighborhood citizens when they say something needs to be done.	8/23/2016 12:23 PM
51	Maintain strong police & fire protection	8/23/2016 9:17 AM
52	Keep the city safe and clean	8/22/2016 3:12 PM
53	continue to address blight, foreclosed properties and street right of way cleanup and maintenance	8/22/2016 1:22 PM
54	More police!	8/22/2016 12:44 AM
55	Plant more trees on urban streets. Narrow Liberty Street in OTR. Increase focus on historic preservation starting with a strong HCB and infill guidelines. Startup capital for non-tech businesses.	8/21/2016 4:21 PM

56	Increase the income of police officers and increase the number of police officers. To me, the only way to fight crime is to have more police on patrol and making themselves visible. One really cannot put a price on a person whose life is threatened each day that they go to work but a higher income can show that they are supported and considered important to the city.	8/21/2016 2:28 PM
57	Support schools financially and with services	8/20/2016 6:11 PM
58	Think of the RATIO of city resources expended to facilitate/support transportation by personal car (call that X) compared to city resources expended to facilitate/support transportation by other means including transit, bike, walk, street car, light rail (call all of that Y). Exclude from X and Y all city resources expended to initially create/build a new means of transport - such as initially cost of a streetcar, building tracks and overhead streetcar infrastructure, building a new road segment (eg, building the Kennedy Road connector a few yrs ago). The goal should be to increase the RATIO of X/Y over several years, year after year. Why do this? More and faster personal car traffic begets more road congestion, more air pollution, more poor human health, less sense of community/neighborhood. Because of the distorted glorification of personal car transport over the last 108 years, we have consciously AND sub-consciously expended disproportionately way more public resources during that time on personal car transportation. We must re-balance the expenditures - make the ratio get larger.	8/20/2016 2:48 PM
59	We are a city of neighborhoods yet we see less funds invested in them. Neighborhood development needs to trump street cars.	8/20/2016 12:40 PM
60	maintain the infrastructure	8/19/2016 5:15 PM
61	Work to reduce the homeless problem. Consolidate the myriad of under funded charitable agencies or at least provide one fully staffed department that can coordinate between them. A lack of information and coordination is why people slip through the gaps or why volunteers and the needy get frustrated and give up.	8/19/2016 3:55 PM
62	continue to remove the irresponsible residents who are a burden and create blight not only from the downtown/OTR core but from the city as a whole. The west side of Cincinnati has become a dumping ground for people who are not able to care for themselves. Lets continue the flight to outside the city.	8/19/2016 2:47 PM
63	Control crime.	8/19/2016 2:41 PM
64	I think there should be more activities and incentives in the city focused on sustainability and decreasing our carbon footprint.	8/19/2016 1:30 PM
65	reduce blight in all of the neighborhoods, not just CBD and OTR	8/19/2016 12:14 PM
66	Placing grocers and neighborhood gardens in the inner city areas would provide our residents with fresh, accessible foods allowing for the opportunity to become healthier.	8/19/2016 6:56 AM
67	Feed the poor. Give them a hand.Perhaps offer more drug/alcohol treatment centers. Thanks.	8/19/2016 12:53 AM
68	Improve community policing presence, quality of roads and schools,	8/19/2016 12:39 AM
69	Spread the diversity throughout the city more proportionally. The west side share is very disproportionate to east.	8/18/2016 6:58 PM
70	Better air and water quality and protect the people who live here from having everything they own stolen.	8/18/2016 3:09 PM
71	Drug control, new bridge into Covington.	8/18/2016 1:32 PM
72	Get rid of the drug dealers, bums , and crazy people	8/18/2016 12:14 PM
73	Fair and equitable investment in public services across all neighborhoods; implement the Collaborative Agreement; improve public transit; return to two-year council terms; increase the tax base	8/18/2016 11:58 AM
74	Increase the tax base; ensure equitable distribution and provision of services across all neighborhoods; uphold the Collaborative Agreement; return to two-year council terms	8/18/2016 11:56 AM
75	Continue to invest in projects that benefit the neighborhood for all residents (new development, parks, etc.)	8/18/2016 11:31 AM
76	Much more enforcement of traffic violations, cars speeding, running red lights and stop signs, and enforce littering laws.	8/18/2016 11:20 AM
77	Continue focusing on neighborhood blight, funding for neighborhood improvements/events and police engagement with neighborhoods	8/18/2016 10:59 AM
78	Focus on decreasing the socioeconomic gap of our citizens	8/18/2016 10:39 AM
79	Invest in our recreation facilities (centers & pools) that are in need of repair. Recreation Centers are the hub of a community and programming can meet the unique needs of each neighborhood - whether it's fitness and wellness, social or basic human services.	8/18/2016 9:50 AM

81	Reduce the number of handpandlers and homeless people on the streets	8/18/2016 9:07 AM
82	Address rampant drug dealing in our neighborhood. I've had to personally run off drug buyers. Reporting sellers send like a dead end. Heroin.	8/18/2016 8:34 AM
83	give the 5, 5 and 4% raises to its employees so that they can keep doing the good job that they do	8/18/2016 8:19 AM
84	Work better with the neighborhoods to limit development.	8/18/2016 8:08 AM
85	Renact and complete the subway.	8/18/2016 7:18 AM
86	Work to unite resident, businesses and neighborhoods.	8/18/2016 6:53 AM
87	Support K-12 Public education and job growth	8/18/2016 12:17 AM
88	To continue what it's doing	8/17/2016 11:59 PM
89	Stop catering to rich heteronormative white people and provide more inclusive spaces and programs for everyone.	8/17/2016 11:40 PM
90	Address crime and poverty. Add addition police officers so there are 2 in a car at all times! Recruit more African Americans to the police force.	8/17/2016 11:20 PM
91	Increase funding for transit and parks.	8/17/2016 10:51 PM
92	police need to be walking the beat in OTR on a daily basis. Not just sitting in their cars. There is drug dealing and people doing things that negatively affect the quality of life for everyone on a regular basis, while standing on the corner of woodward and main. Is anybody going to do anything about it?	8/17/2016 10:30 PM
93	Keep Cincinnati on top of the list of desirable places to live in. Safety, entertainment, bars & restaurants.	8/17/2016 10:25 PM
94	Reduce wasteful spending on non essential services and place more funding on core civic duties and maintenance especially schools, sanitation services, roads/public infrastructure and public safety/emergency services.	8/17/2016 9:42 PM
95	Litter/blight control	8/17/2016 9:33 PM
96	Equality	8/17/2016 9:27 PM
97	Ensure fair and equal access to quality services, regardless of neighborhood.	8/17/2016 9:21 PM
98	Get the drugs - dealers and users off the streets.	8/17/2016 9:08 PM
99	Accelerating the expansion of the city's bicycle infrastructure and public transport is of the utmost importance. It is well-established that these two types of improvements not only increase the livability and attractiveness of the city, but they provide the disadvantaged with transportation to and from work (not to mention the rest of us), lightening the demands on the city's human services.	8/17/2016 8:50 PM
100	Provide Clearly stated rules for using pools and carry it through - So EveryBody can enjoy them in a safe, Considerate way. Doing this would go a long way, not Only for Safe Fun, but Also for Community Teamwork, and Knowing What to Expect from Law and Order. Starting here, could prevent needless deaths Later with police and civilians. BEcause if one follows Community regulations, they will be Prepared to act accordingly in a policed situation. I.e. following authority for the benefit of keeping us safe - not Causing harm.	8/17/2016 8:37 PM
101	Extend streetcar to UC	8/17/2016 8:34 PM
102	Stop bickering and work together.	8/17/2016 8:25 PM
103	Promote individuals becoming self sufficient in all ways. Also, we want to respect and assist our officers, please tell them we need them to be more human and friendly to those who seek to help.	8/17/2016 8:11 PM
104	make a one stop area for public. maybe more online for the older members. Able to enter riverfront park without paying to park, like it use to be.	8/17/2016 8:03 PM
105	Opportunities for our youth and young adults to have recreational and creative outlets. Would love to see a program that exposes young people to job opportunities within city government; not just fire and police but to jobs within city departments. If they feel a sense of ownership in what goes on in the city this may help them become invested in the city and want to build up the city.	8/17/2016 7:59 PM
106	Residential streets need enhanced speed humps to control speeders	8/17/2016 7:59 PM
107	Clean up downtown area streets...mostly adjacent to over the Rhine area	8/17/2016 7:54 PM
108	Take action against the war on drugs	8/17/2016 7:34 PM
109	Initiative to reduce violence	8/17/2016 7:29 PM
110	Crack down hard on drug activities	8/17/2016 7:09 PM

111	Encourage growth and development throughout the city. Increase funding and accelerate the excellent work that 3CDC has done with OTR and the CBD. I believe it is critical to the success of the core of the city to increase urban occupancy; both rental and ownership. Encourage and succeed in this and growth in all other areas will follow.	8/17/2016 7:01 PM

117	Work to improve public transportation and the urban core	8/17/2016 6:13 PM
118	Reduce the Heroin epidemic and do something about all the litter and trash in the city. Other cities I visit are much cleaner. And it changes the perception of the city.	8/17/2016 6:08 PM
119	Continue to improve the individual neighborhoods, which will bring people back to the city. Also improve the schools.	8/17/2016 6:01 PM
120	Fix the city streets and not just downtown	8/17/2016 5:53 PM
121	Repair broken down curbs and streets with pot holes. Control traffic on neighborhood streets. We first need to be comfortable in our immediate surroundings. Cars travel 50 mph an hour down 4000 block of Millsbrae. Large trucks also use this neighborhood route.	8/17/2016 5:49 PM
122	Improve infrastructure. Roads bridges and sidewalks.	8/17/2016 5:46 PM
123	Stop aggressive drivers in neighborhood streets where kids are. Put in better traffic controls to slow down commuters rushing through the neighborhoods.	8/17/2016 5:39 PM
124	Police response time can be slow making my neighborhood feel unsafe.	8/17/2016 5:31 PM
125	Fix the roads and sidewalks!	8/17/2016 5:21 PM
126	Invest in sustainable and equitable cities - affordable and accessible public transit; human services including quality healthcare and housing for ALL; stop funding aggressive policing etc and consider more socially positive community crime prevention measures; EDUCATION; etc.	8/17/2016 4:54 PM
127	Jobs for youth.	8/17/2016 4:51 PM
128	Crack down on criminals and drug dealers. Police need to respond when citizens call about drug dealers and non emergency request	8/17/2016 4:38 PM
129	Be transparent	8/17/2016 4:30 PM
130	equality of services between neighborhoods. low income areas and homeowners often do not receive the professionalism and quality given to "better" areas	8/17/2016 4:26 PM
131	Change services, environment, supports, create jobs so our local citizens do not need to be begging on every street downtown, in parks, neighborhood, at cultural venues, at highway exit ramps, etc. It's unsafe and is not representative of a vibrant community. We can do better for people who need help. We can create an environment where visitors and locals are not constantly asked for money.	8/17/2016 4:16 PM
132	Clean alleys of trash and enforce code violations.	8/17/2016 4:07 PM
133	Provide funding to the police/fire/ems services & outreach & awareness between the community and these services.	8/17/2016 3:56 PM
134	Stop concentrating poverty on the West Side of Cincinnati	8/17/2016 3:55 PM
135	A master plan, in all the municipal realms not just those keep the "inmate" busy like you did with WW et al, those are a farce and travesty. Look at the successful sustainable municipalities the same size, larger and smaller than Cincy. A ship with no rudder gets no where, there are many cliches' for what Cincy does not have, your boat will not come in until you send one out, and what's with all the poverty and the children, huh?	8/17/2016 3:41 PM
136	improve neighborhoods	8/17/2016 3:36 PM
137	Revamp B&I policies to encourage home owners to easily, with no additional costs or hassles, to improve, upgrade and embellish their homes and neighborhoods.	8/17/2016 3:32 PM

147	replace city workers who don't do their job	8/17/2016 2:55 PM
148	Road conditions & infrastructure improvements desperately needed - including the Western Hill Viaduct replacement! Second, litter is a HUGE problem - very embarrassing lack of respect for a beautiful community. Blight is rampant in every neighborhood - except OTR ! Let's focus on ALL cincinnati neighborhoods - not just OTR!!!	8/17/2016 2:53 PM
149	Empower, educate, and motivate residents to make their neighborhoods safer.	8/17/2016 2:52 PM
150	Provide more police on our neighborhood. Put lighting in Stuart Park.	8/17/2016 2:48 PM

163	Quit throwing away money on economic development and losers like the street car and concentrate on the services that benefit all citizens.	8/17/2016 2:19 PM
164	Better mass transit	8/17/2016 2:17 PM
165	Drug-related public health measures such as 'needle exchange program', widespread Narcan distribution at no cost, expanded drug rehabilitation and real life drug education where we learn drug safety do's and don'ts like testing of heroin potency before shooting a full dose., don't mix drugs or mix drugs with alcohol, how to sterilize a needle, etc.	8/17/2016 2:17 PM
166	The condition of most of Cincinnati's streets are terrible. I understand that the cold weather makes an impact on street maintenance, but the condition of many of the city streets (particularly Hyde Park, Oakley and Clifton) are horrid.	8/17/2016 2:14 PM
167	Continue to work with police and community to ensure a safe friendly environment	8/17/2016 2:11 PM

172	Provide supportive services to single, young or impoverished parents. If things don't start on a good foundation, trouble is almost sure to come down the road.	8/17/2016 1:55 PM
173	Look for ways to provide more equal opportunities in housing, jobs, recreational activities for youth in minority communities, provide more inclusive cultural activities for minority communities. Listen to the people of the city, and care about what they see needs to take place in their communities.	8/17/2016 1:54 PM
174	Improve pedestrian safety. More streets need traffic diet like Delta Ave got in Mt Lookout. More crosswalks and raised crosswalks in local squares.	8/17/2016 1:52 PM
175	Clean up and maintain the city. It is shabby, dirty looking and full of liter. An embarrassment!	8/17/2016 1:46 PM
176	Help the homeless and drug users	8/17/2016 1:44 PM

179	Move forward with Watson Way as quickly as possible	8/17/2016 1:38 PM
180	Encourage job growth.	8/17/2016 1:29 PM
181	clean it up from trash and blighted buildings	8/17/2016 1:25 PM
182	More options for mass transit - extending streetcar routes, light rail, etc.	8/17/2016 1:21 PM
183	Community oriented policing. Road paving (it's ridiculous how bad city roads are).	8/17/2016 1:16 PM
184	try to control the drugs	8/17/2016 1:16 PM
185	Privatize the streetcar with NO more taxpayer money involved.	8/17/2016 1:15 PM

187	advantage young people moving to City	8/17/2016 1:15 PM
188	Provide and empty litter barrels in (1) parks (especially Dunore Park) and (2) along streets in business/entertainment districts	8/17/2016 1:15 PM
189	Focus on all residents, including those displaced by the OTR development, and the lower income areas. I just moved to Cincinnati a year ago and am appalled that Cincinnati Public Schools are not "good enough" for many caucasian families here, so everyone tries to put their kids in private. I'm from Seattle where the public school system is great, and every kid has access to good education. I think every kid deserves that, and if we develop an area, we need to think of the people who have lived there - grew up there - and how gentrification affects them as well. No one city resident - and child - should be less than another.	8/17/2016 1:13 PM
190	Make the city more walkable	8/17/2016 1:12 PM
191	Improve public transit (more frequent and more access) and bicycling infrastructure	8/17/2016 1:12 PM
192	Work on ALL neighborhoods, not just downtown.	8/17/2016 1:11 PM
193	More Police/Fire/Emergency. SEWER!!!!!!	8/17/2016 1:11 PM
194	gun / crime control enforcing traffic violations enforcing litter violations	8/17/2016 1:10 PM
195	Put the same effort to all the neighborhoods, not just downtown and OTR.	8/17/2016 1:07 PM
196	Improve opportunity and services for the poor	8/17/2016 1:06 PM
197	The City of Cincinnati should focus more on revitalizing neighborhoods within zone 1 and reorient itself towards OTR style mixed use development throughout the city.	8/17/2016 1:05 PM
198	Fund neighborhood economic development	8/17/2016 1:05 PM
199	Fix the streets in Roselawn!	8/17/2016 1:03 PM
200	Focus more on walkability and transit options and less on roads; also, get rid of the pension and retiree medical for incoming employees before this unsustainable cost bankrupts the city	8/17/2016 12:59 PM
201	1. Better public transportation. If Cincinnati wants to be a regional or national leader, we need to drastically improve our public transportation. 2. Better funding for public education, especially early childhood education. This needs to include teaching parents how to begin educating their children from birth-5. 3. Increased public access to the internet. Libraries are completely overrun with people trying to get on computers for job searches, etc. This should not be such a burden for them; the city needs to create more job services areas where people can learn how to create resumes and access computers.	8/17/2016 12:54 PM

202	Improve public transportation.	8/17/2016 12:53 PM
203	More Police patrolling	8/17/2016 12:49 PM
204	Continue to invest time and resources at the neighborhood and community level. We're seeing lots of success with this approach in neighborhoods.	8/17/2016 12:46 PM
205	Clean up the absentee landlord rundown, abandoned buildings, and make homeowners responsible for maintaining their sidewalks, and litter, plus overgrown bushes that prohibit walking on the sidewalk.	8/17/2016 12:45 PM
206	I honestly think the police are my biggest problem. I live in district 3 and think that they are way overstretched. You have a district that is involved in Price Hill, Westwood, Sayler Park, Sedamsville, Fairmount ,Western Hills, etc. At this point Westwood and Price Hill could have their own police stations as those areas are so vast and the drugs and prostitution problem is getting more and more serious. I also know that if I call the police, there is a good chance they won't show up. It's discouraging and makes me think twice about living in the City of Cincinnati when I'm not sure my home or even I will be adequately protected.	8/17/2016 12:44 PM
207	Public safety. Includes resources for dealing with drug deals	8/17/2016 12:43 PM
208	Just take care of the basics: Streets, garbage, and public safety. Cut the pork and lower my taxes. I'd love to see this city be attractive to businesses and professionals because they can easily do business here.	8/17/2016 12:41 PM
209	Support, train young people so they are integrated into the job market.	8/17/2016 12:38 PM
210	Reduce the amount of blight in neighborhoods and provide quality public safety that is fair and unbiased.	8/17/2016 12:37 PM
211	Concentrate on core services--health and safety.	8/17/2016 12:35 PM
212	Pay your officers better! No raise in over 5 years. This political BS you are putting them through in contract negotiations. Really?! They are leaving to go to other cities that don't have as much crime to make a decent living wage. Which then leaves our city with a shortage of good officers when we need it. It is ridiculous. Behavior on council is shameful.	8/17/2016 12:35 PM
213	Maintaining infrastructure	8/17/2016 12:35 PM
214	Provide affordable housing and services for City residents living in poverty	8/17/2016 12:33 PM
215	Provide jobs, excellent education, healthcare and childcare to all cincinnatians especially the one more in need. When basic human needs are covered crime reduces. Keep up with the beautification of the city, the Parks, Sustainability and Recreational Center.	8/17/2016 12:32 PM
216	Remove threats to public safety in the neighborhoods and business districts.	8/17/2016 12:30 PM
217	Keep infrastructure operating in good condition.	8/17/2016 12:30 PM
218	Property taxes are really getting too high. Need to change this. Please control your spending of the taxpayers money.	8/17/2016 12:30 PM
219	The roads in this city are terrible and never seem to improve until the entire road is replace.	8/17/2016 12:29 PM
220	Clean it up - I go to a lot of different cities, in the roads in the city of Cincinnati are awful. Trash and the "urban prairies" are an embarrassment. Do we even have street cleaners anymore? Also, repair the roads. The west side of town has been neglected for way too long. Drive down Covedale Ave. and you can clearly see what section of the road belongs to Delhi.	8/17/2016 12:29 PM
221	Give the police officers the raises they deserve.	8/17/2016 12:28 PM
222	Work on racial divide, this is becoming a huge issue. I was attacked by a black woman when I asked to speak with a manager at Walmart. According to her I'm a white woman that needs to be taught a lesson or killed! This is ridiculous!	8/17/2016 12:28 PM
223	Improve response time for police calls	8/17/2016 12:27 PM
224	It is essential that there is both an equitable distribution of resources, and also that there is a clear way for citizens to communicate concerns to the city, and that those concerns are recognized and responded to.	8/17/2016 12:26 PM
225	fight crime in my neighborhood, especially the herion epidemic	8/17/2016 12:26 PM
226	Street maintenance and traffic Control	8/17/2016 12:24 PM
227	reduce the tax burden on home owners, especially those retired with a fixed income. tax residents evenly not always real estate taxes.	8/17/2016 12:24 PM
228	More education about effects of drugs in families	8/17/2016 12:23 PM
229	Attack drug sales in residential neighborhoods.	8/17/2016 12:22 PM
230	Work with communities to help address the growing opioid abuse epidemic.	8/17/2016 12:22 PM

231	Reduce taxes and utility rates	8/17/2016 11:31 AM
232	Provide more support to neighborhoods to achieve goals, development, and improvements, including demanding effective operation of city departments which are supposed to be providing excellent services, but some of which are failing miserably. Establish citizen review/evaluation / advisory board of city services/departments with representation of each neighborhood appointed by the neighborhood council, not the mayor's office or city manager's office, in order to achieve real assessment and improvement of city services.	8/17/2016 10:50 AM
233	I fell in a crosswalk at Clifton Ave. & Ludlow Ave. on 10/1/08 and a 75+ year old woman driving a car with KY gov't plates committed vehicular assault, called her husband to the scene, and he spoke to the police before I did. She never even got a citation. I was on my way to work (at LASGC) and didn't have health insurance. I couldn't afford legal or medical assistance, so she got away with it. Stop ignoring the rights of women and children. We need to be better protected. Stop hiding serious harms done to us under previous administrations.	8/17/2016 6:55 AM
234	Put LED lights on every street. Light up our city streets! No dark spots for crime.	8/16/2016 10:37 PM
235	Set up stations at various city events and festivals in neighborhoods for citizens talk with their leaders and police.	8/16/2016 10:11 PM
236	Safety! Add more lights, cameras, nice benches, flowers etc to neighborhood areas. Create a sense of care and upscale atmosphere to generate the same behavior in people. Oh and no trash can limits (for things like basement clean outs), leave pick up without a bag and free critter removal.	8/16/2016 9:59 PM
237	Keep the city safe	8/16/2016 9:03 PM
238	Focus on all of the neighborhoods equally, and follow through on the promise to place bike lanes on streets that are repaved. We are missing a huge opportunity for this during the paving "blitz".	8/16/2016 7:33 PM

15	If I could afford to own a home elsewhere, I would move out of Cincinnati. I am tired of the trash everywhere, the abandoned cars, the lack of proper sidewalks and streetlights in poor neighborhoods (e.g. along Westwood Northern Blvd near the viaduct where residents don't have proper lighting or sidewalks on BOTH sides of the road and are forced to cross four lanes of traffic or walk IN THE ROAD). It is ridiculous to use tax dollars to further corporate interests when so much of our population doesn't have their needs for basic public safety and services met.	11/5/2016 12:27 PM
